

PEDAGOGIES IN ARCHITECTURAL EDUCATION- National Conference/Seminar

Activity Type	Conference Paper: Pedagogies in Architectural Education		
Date	04/04/2018	Duration	01 day
Semester		No. of Participants	22
Expert Name with Designation	Akshay Anand, Assistant Professor and Preyan Mehta, Assistant Professor		
Name of Organization	IPSA- Indubhai Parekh School of Architecture, Rajkot		
Expert contact details	+91-9535406211		
Faculty Coordinator	Prof. Devang Parekh, Principal		
Faculty contact details	ipsarajkot@gmail.com		
Sponsoring authority	- NA -	Sponsorship amount:	- NA -

About the seminar:

Pedagogies in Architectural Education, was a National Seminar hosted by IPSA (Indubhai Parekh School of Architecture), Rajkot whereby professors from colleges such as;

1. **CEPT University, School of Architecture**
2. **NIRMA University – Institute of Architecture**
3. **SSIU - School of Design**
4. **MARWADI University – School of Design**
5. **NAVRACHANA University – School of Design**
6. **ANANT University - School of Architecture**
7. **IPSA – School of Architecture**

were invited. It was an event organized in order to discuss and present on the topic of **Pedagogies in Architectural Education**, which translates into teaching methodologies, teaching approaches, design of exercises et al.

The seminar was divided into two categories:

1. Design Pedagogy
2. Articulation of Architectural Exercises

Paper Presentation Details

1. **Prof. Akshay Anand- Design Pedagogy**
2. **Prof. Preyan Mehta- Articulation of Architectural Education**

Summary of Conference/Seminar

The seminar elaborately discussed about varied subjects such as, Design studio, History of Architecture, Building materials and construction, Humanities, and Basic of Design. It was a seminar, where one School discussed the benefits and disadvantages of certain topics and exercises and other Schools gave their inputs on the same.

Critical issues were raised such as,

1. How can Architectural education **incorporate** and **interweave** different subjects such as **History of Architecture** along with **Design Studio**?
2. Broader perspective of how all the subjects should follow the **Philosophy of the School** and based on that should **design the curriculum**.
3. How “**Learning by doing**” in the subjects such as Building Materials and Construction is better than “**Learning by watching**”?
4. How to make **Lectures** more **Interactive**?
5. How **Parametricism** and **Generative design** is helpful in **education** and in **profession**?
6. Organizing the subject file (i.e.) what to teach, how to teach, what topic to be covered when before the semester begins, or in the nutshell a **Tentative Teaching Schedule**.

Outcome (Benefits to students, faculties, school and university):

1. Recognition and acceptance of our University’s Pedagogy of Architectural Education.
2. Inputs from other colleges/universities on the several topics mentioned above.
3. Discussion on a National platform
4. Certificate of Participation, as a gesture towards Professors and the Universities/Colleges.

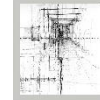

Location:

Indubhai Parekh School of Architecture, Rajkot

School of Design
